

# Final Exam

## Description

Write your full name and `net_id` on the top right corner of this page.

Answer the database application questions.

Also complete the logical database design exercises.

Good Luck!

## Submission Instructions

Hand-in your exam booklet to an instructor when finished.

## Evaluation Criteria

exam_section	section_weight	comments
Database Applications	(25% weight)	See individual question weights for a break-down.
Logical Database Design	(75% weight)	See individual question weights for a break-down.

After being evaluated, each student's submission will be ranked. These rankings may positively impact final grades.
